

Operational Plan for PEPS
Appendix 1 to Business Plan
2009-2011

2009 2010 2011

Investment attraction is defined as the effort required to attract investment dollars into the PEPS region from three primary sources: local investment, Alberta investment and international investment. Local investment is money that originates within the PEPS region. Alberta investment is money that is invested into the PEPS region, but originates in Alberta. International investment is money that is invested into the PEPS region, but originates from outside Alberta.

Over the next three years, PEPS will work on five investment attraction items. These items are:

**1. Increase the contacts of private investors and companies, and provide them with periodic updates of the availability of land and the needs that exist within the region.
 (ie. housing, hotel/motel, industrial and tourism)**

- | | | | |
|---|---------|-------------|-------------|
| a. Take survey result information from 2008 and in consultation with existing business, expand or develop new businesses to fill retail sector gaps | ongoing | ongoing | ongoing |
| b. Business Retention Strategy. Do regular business visitation to understand and prepare for opportunities and challenges for existing business. Facilitate the distribution information from outside agencies to ensure programs and services are made available. | ongoing | ongoing | ongoing |
| c. Maintain contact with all business inquiries to ensure follow up. | ongoing | ongoing | ongoing |
| d. Assist municipalities to ensure land development information is current available to investors as identified in the CAEP profile. | ongoing | ongoing | ongoing |
| e. Assist the County of Paintearth in marketing the new industrial park | | 2010 | 2010 |
